

Notes from the Major Livestock Show Advisory Committee Meeting held July 24,2024 at ATAT Conference in Dallas, TX

The MLSAC met in Dallas at the ATAT Conference and updated it's membership list with the new members elected from each area. Tammy Glasscock gave validation reports and updates and reported that swine validation was down about 350 head for State Fair. She is hopeful that the numbers are back up for the spring shows. Toby Long reported about Quality Counts possibly getting to switch to a version created and run by the Ag Teachers and the FFA. If this happens it will be in a year or so. Species committees then broke out and reviewed and updated the classifiers list. The MLSAC next meeting will be in December most likely in Fort Worth. As always if anyone has any suggestions or comments please feel free to share them with your Area Representatives.
